Zero Tolerance - Shoplifting or Theft

Events involving shoplifting or theft of store items in connection with the performance of a product demonstration have caused both our clients and our Company serious concern. Shoplifting is stealing whether it involves a store item unrelated to the product demonstration or excess product from a sampling event, regardless of value. Clients have reaffirmed their intention to take aggressive action against offenders, and we support such action.

This notification is being provided to you as an incumbent engagement specialist to put you on notice of this policy and its importance to you, our clients and our Company. Our policy with respect to shoplifting or theft, whether deliberate or unintentional, while performing an event obtained through our Company, is to fully cooperate with any criminal prosecution of the individual involved, as the law requires.

Additionally, to highlight the importance of this issue, we have amended all relevant documents to emphasize the fact that by accepting offers of work obtained through our Company you are agreeing to indemnify the Company against liabilities arising out of your acts or omissions while performing a client project you obtain through us.

This includes any liability we incur as a result of a client imposing on our Company a financial sanction or penalty resulting from your actions if it is determined that you have engaged in shoplifting or other forms of theft in connection with the performance of a product demonstration event. Such fines have amounted to \$1000 or more and any event specialist proven to have stolen or shoplifted will be responsible for reimbursing the Company. The Company reserves the right to pursue all options at its disposal to recover any amount due.

Your compliance with this policy is a condition of your employment relationship with our Company.
